

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. P R E F A C E .

WITH this sixth volume of our series we have now issued no less than fifty-one of the Marriage Registers of Hampshire, a result which cannot be but appreciated by those interested in the genealogy of that county. Three of the Registers in this volume, it will be seen, go back to the very earliest period, 1538 or 1539.

The preceding five volumes contained forty-five Marriage Registers of forty-five parishes, as well as the Burials and Baptisms at the Cathedral:—

VOLUME I.

Penton Mewsey	Hurstbourne Priors	Dummer
Knight's Enham	Bullington	Steventon
Monxton	Tufton	Deane
Hurstbourne Tarrant	Bramley	Wootton St. Lawrence
St. Mary Bourne		Cliddesden

VOLUME II.

Facombe	Yateley	Aldershot
Tangley	Overton	Up-Nately
Coombe	Winslade	Amport
Vernham		

VOLUME III.

Sherborne St. John	Winchfield	Farnborough
Eversley	Elvetham	Hartley Wintney
North Waltham	Basing	Long Sutton
Church Oakley	Dogmersfield	

VOLUME IV.

Winchester Cathedral	St. Swithun, Winchester	Crondall
----------------------	-------------------------	----------

VOLUME V.

Long Sutton	St. Lawrence, Winchester	Baughurst
Stratfieldsaye	Basingstoke	Eastrop
St. Michael-in-the-Soke, Winchester		Worting

This volume, like its predecessors, is issued without an index. The Editors hope that it will be feasible hereafter to issue a general index for the whole county, and thus avoid

that great evil—an undue multiplicity of indexes. Moreover, by postponing index-making, we expedite the printing of the Registers themselves, a matter of no small moment when we remember the serious risks of fire, theft and forgery, not to mention those of natural decay and accidental loss, to which these valuable records are continually exposed.

The following abbreviations are again made use of :—

w.=widower <i>or</i> widow.	p.=of the parish of.
s.=spinster, single woman, <i>or</i> son.	co.=in the county of.
b.=bachelor <i>or</i> single man.	dioc.=in the diocese of.
d.=daughter of.	<i>lic.</i> =marriage licence.

Of the Registers in the present volume the important one of Odiham was transcribed by the Rev. W. H. Windle, vicar of Odiham; that of South Warnborough was copied by the Rev. C. H. Stocks. For the rest, Mr. Andrews, of Basingstoke, is responsible. Thanks for permission to print the Registers are due to the Clergy, whose names are mentioned under the respective parishes.

It may be well to remind the reader that these printed abstracts of the Registers are not legal "evidence". For certificates application must be made to the local clergy.

Vol. VII is in the printer's hand and will be issued at an early date. It only remains to add that the Editors will gladly welcome further help in the way of transcribing the marriage entries. Such voluntary help alone renders it possible to issue this series of the Parish Registers of Hampshire.

Hampshire Parish Registers.

Marriages at Odiham,

1538 to 1812.

NOTE.—Volume I. The oldest Register is on paper, and includes the period 1538 to 1740. The earlier portion is a transcript made in 28th Elizabeth by the then Churchwardens. The book contains 277 leaves, and its dimensions are 17in. by 8in. The handwriting is generally good. This volume, being in bad condition, was restored in 1899 by Eyre and Spottiswood, and rebound in half-morocco. The chronology in the sixteenth century is occasionally doubtful.

Volume II is a small parchment Register of 34 pages. It covers the Commonwealth period 1653 to 1659. The writing is excellent.

Volume III begins 1740 and ends 1754.

Volumes IV, V, and VI are the usual folio of printed forms on paper as prescribed by Lord Hardwicke's Act. They begin respectively 1754, 1771, and 1783.

These Registers have been transcribed by the Rev. W. H. Windle, Vicar of Odiham, and the proof has been collated by him with the original Register.

[*The following Note in the Register, although referring to Baptisms, may be held to apply in some measure also to Marriages.*—W. H. W.]

"There will come a time that men will come to search in this book for the names of their children, and in regard that they cannot find their names here written, let them not blame me for it, but look upon themselves, for since the wars began in this land there have been many that have been baptised that I never knew of, neither had I any notes of them. Nevertheless, I know that the blame will be laid upon me.

"THOMAS HOOKER,

"Parish Clarke, 1652."

Marriages at South Warnborough,

1539 to 1812.

NOTE.—The old Register is on paper, but is in fair condition, although the edges of many of the pages are perished. Most of the entries, however, are legible. The Baptisms, Burials, and Marriages, are entered indiscriminately. The first Register ranges from 1539 to 1728.

The other Registers are in good order, and that following Lord Hardwicke's Marriage Act is of the usual description of printed forms.

These extracts have been made by the Rev. C. D. Stooks, and are now printed by permission of the Rev. C. M. Style, D.D., Rector of South Warnborough.

Marriages at Tadley,

1691 to 1812.

NOTE.—The Registers of Tadley may be thus described :—Volume I, a ragged book in a parchment cover, made up of about 50 leaves of paper, ruled as for cash and with left margin, very badly bound, and with some sheets probably missing. Pages measure 14 $\frac{3}{4}$ in., by 5 $\frac{3}{4}$ in. but the last three leaves are only three inches broad. The contents are as follows:—Baptisms, 1683–1769; Marriages, 1691–1754; Burials, 1695–1769. The Marriages commenced on page 33. Volume II has no Marriages. Volume III is the usual printed form in pursuance of the Hardwicke Marriage Act, and contains entries to 1811. Volume IV is a volume of similar forms with only five entries to 1812 before disuse.

These Marriages have been extracted and collated by Mr. S. Andrews, of Basingstoke, and are now printed by permission of Rev. H. E. Harvey, M.A., Rector of Tadley.

Marriages at Heckfield,

1538 to 1812.

NOTE.—The Registers of Heckfield consist of the following volumes:—

VOL. I.—A paper book, somewhat mutilated, but recently repaired, now well bound in boards and leather. Pages measure $11\frac{1}{4}$ by $8\frac{1}{4}$ inches. Contains Baptisms, 1538-1575; Marriages, 1538-1575; Burials, 1538-1575, including Mattingley. This is probably the original book in which registration was begun, and not the copy on parchment which is more frequently met with. It contains historical notes such as "Henricus octavus obiit 28 January 1547". Entries *before* and *after* "Queen Mary's coronation". There is an indication that the Vicar of King Edward's reign was superseded for a few years, under Queen Mary, because he married, and was restored about 1560. The years mostly begin with January 1.

VOL. II, 1573-1605. An original parchment book, in modern binding, of unusual shape, made of 6 sheets folded into leaves, measuring 25 inches long by $5\frac{1}{4}$ inches broad. Containing Baptisms, Marriages and Burials mixed, from 1573 to 1605. On an original cover, now the first sheet, is a lease, dated 1587, from Thomas Creswell of Heckfield to Wm. White, referring to land in Bramshill.

VOL. III.—A paper book of 25 leaves, and some fragments. All recently restored and rebound. Mem. of whipping of vagrants on first page, dated 1626. Contains Marriages, 1605-1703. In this volume are also the following excommunications:—

Agnes Woods and Rob. Burbage, excommunicated March 1610/11.

Margaret Webb, Ric. Payer and John Dickenson, excommunicated April 1611.

Wm. Ancill, excommunicated July 7, 1611.

Wm. Ancill, absolved Sept. 29, 1611.

VOL. IV includes Marriages from 1703-1711.

VOL. V includes Marriages from 1707-1728.

VOL. VI.—A parchment book bound in calf, contains Baptisms and Burials, 1729 to 1760; Marriages, 1729 to 1754.

VOL. VII.—Parchment book bound in boards and calf. Forty leaves. Measures $12\frac{1}{4}$ by 5 inches. Used from both ends. Baptisms, 1761-1802; Burials, 1761-1802.

VOL. VIII.—A parchment book bound in boards and calf. Only seven or eight leaves used. Contains Baptisms, 1803-1812, entered from opposite ends. Burials 1803-1812.

VOL. IX is the first printed form of 1754, containing Marriages, 1754 to 1780.

VOL. X contains printed forms, Marriages, 1780-1811.

VOL. XI contains printed forms, Marriages, from 1811 to 1812.

The Marriages abstracted from these volumes have been transcribed and seen through the press by Mr. S. Andrews, and are printed by leave of the Rev. G. J. Thomas, vicar of Heckfield.

Marriages at Stratfield Turgis,

1672 to 1812.

NOTE.—The Registers of Stratfield Turgis for the period 1672, when the earliest existing volume commences, to 1812, include four volumes. The Weddings are contained in Volumes I and IV.

Volume I is a parchment book bound in boards and calf, made of 25 leaves, mostly sewn in pairs, measuring 15½ in. by 6 in., with four fly leaves of paper at one end and five at the other of same size, containing odd memoranda, such as notes of lists of holdings for rates, and for order of parish offices, and account of church-yard fence. It is used from both ends, and the entries are classified. Contents: Baptisms, 1672-1811; Marriages, 1672-1753; Burials, 1672-1801.

Volume IV contains the Marriages from 1754 to 1809. It is the ordinary printed book of this period. On title page is written:—"For the Parish of Stratfield-Turgis. Jos. Trapp, Rector." On a loose leaf, formerly wafered opposite the title page:—"A licence dated 2 October 1783 from George Durnford, Head Distributor of Stamps for County of Southampton, to Rev. Edward Salter, clerk, Rector of Stratfield Turgis, to make entries in the Registers without using the necessary stamps."

The Marriages were extracted by Mr. S. Andrews, and are printed by permission of the Rector, the Rev. H. P. Edge.
